August 12, 2008, 9:30 A.M.
(SOAHR #2007-052LG)
(SOAHR #2007-053LG)

In order to allow individuals an opportunity to ask questions regarding the proposed Michigan Uniform Energy Code Rules, a public forum has been scheduled for Tuesday, August 12, at 9:30 AM, at 2501 Woodlake Circle, Conference Room 3, Okemos, Michigan.

This forum does not replace the public hearing, which will be scheduled at a later date. The public will have an opportunity to ask questions regarding application and implementation of the proposed rules. There will be no written public record as there will be for the public hearing.

The bureau has developed a matrix detailing the proposed rules. The information will not be presented in rule format until the public hearing is held. However, the matrix does detail all information relative to the proposed rule changes.

You may access the matrix on the bureau's website at www.michigan.gov/bcc. If you do not have access to the internet, you may obtain a copy of the matrix by completing the bottom portion of this notice and mailing it to the address noted below or faxing it to 517/241-9570.

If you are unable to attend the public forum, you may submit written comments to the bureau by August 15, 2008. Please forward comments to Shannon Matsumoto at the address listed below.
